Settembru 2018

Gheziez Hbieb,

Baqa' l-ahħar xahar tas-Sajf, l-ahħar xahar li niltaqgħu barra, u għalhekk nippuvaw ingawdu mill-ahjar li nistgħu. Dan is-Sajf grejna mhux hazin u organizzajna hafna attivitajiet fejn hafna minnha hadu pjacir. Il-grupp aktar ma' jghaddi z-zmien dejjem jikber u jevolvi. Nies godda jigu u ohra jn-jitilqu jew ma jidħru aktar. Ma jimpurtax! Dan ifisser li dawn l-individwi mxew f'hajnejhom u forsi jhossu li m'għandhomx bżonn aktar il-grupp. Ahna s-sapport li kien hemm bżonn tajnh.

Izda haga li wieħed irid joqghod attent minnha hija li jekk persuna taqta' mill-grupp għal xi zmien u ma thallasx il-membership fee, jekk din il-persuna taqbez l-eta' ta' 61 u tkun trid terga' tidħol fil-grupp ma tkun tista'. Hijha haga importanti li kulhadd ikun fehemha din ghax imbagħad x'hi titolbuna biex tergħiġi tidħlu fil grupp ma nkunux nistgħu naccettaw kom. Nixtieq nergħi nfakkarkom li, jekk jogħġib kom, meta lil xi nies tippruvaw thajruhom jidħlu fil-grupp araw li:

1. Huma romol.

2. Ma qabzux l-eta' ta' 61.

Hija haga mbarazzanti hafna għalija li dawn in- nies ikollhom hafna tama li fl-ahħar sabu grupp fejn jistgħu isibu wens imbagħad jien ikoll li nistax naccettahom.

Dan ix-xahar se nerġġu nagħmlu Comino by Night. Imma din id-darba se mmoru Comino Hotel u nghumu jew fil-pool tal-hotel jew fil-bajja sabiha ta' San Niklaw, li ma tkun iffūllata bin-nies bhal Blue Lagoon. Kull min gie magħna l-ahħar darba jaf x'pastazata gabuha l-famuza Blue Lagoon għalhekk iddecidejna li mmoru post isbah għall-kwiet u hafna aktar nadif. Wara ghawma sabiha għandna BBQ fir-restaurant tal-hotel. Kien hemm min xtaq li jorqod lejl Kemmuna u jagħmel one-night break. Jiena staqsejt lill-manager izda qallli li huma propriu ma joffrux one-night izda three nights, pero' qallli li jekk ikollu xi kmamar vojta għal one night ġiħidilna gimha qabel. Għalhekk mal-booking ta' Kemmuna ġiħidilna jekk tixtiqu torqu hemm.

Pero' ha nagħmilha cara: **JEKK MA JKOLLUX AKKOMODAZZJONI GHAL KULL MIN JIXTIEQ il-one night tithħassar ghax jien ma nistax nagħmel preferenzi bejn il-membri. Għalhekk naraw x'domanda jkun hemm, kemm joffriex postijiet u nimxu minn hemm. Dejjem ibbukkjaw kmieni.**

Nispera li l-bqija tas-Sajf jispicca b'wicc il-gid.

Dejjem tagħkom,
Marija

Sleep tips: 6 steps to better sleep

By Mayo Clinic Staff

You're not doomed to toss and turn every night. Consider simple tips for better sleep, from setting a sleep schedule to including physical activity in your daily routine. Think about all the factors that can interfere with a good night's sleep — from work stress and family responsibilities to unexpected challenges, such as illnesses. It's no wonder that quality sleep is sometimes elusive.

While you might not be able to control the factors that interfere with your sleep, you can adopt habits that encourage better sleep. Start with these simple tips:

1. Stick to a sleep schedule

Set aside no more than eight hours for sleep. The recommended amount of sleep for a healthy adult is at least seven hours. Most people don't need more than eight hours in bed to achieve this goal.

Go to bed and get up at the same time every day. Try to limit the difference in your sleep schedule on weeknights and weekends to no more than one hour. Being consistent reinforces your body's sleep-wake cycle.

If you don't fall asleep within about 20 minutes, leave your bedroom and do something relaxing. Read or listen to soothing music. Go back to bed when you're tired. Repeat as needed.

2. Pay attention to what you eat and drink

Don't go to bed hungry or stuffed. In particular, avoid heavy or large meals within a couple of hours of bedtime. Your discomfort might keep you up.

Nicotine, caffeine and alcohol deserve caution, too. The stimulating effects of nicotine and caffeine take hours to wear off and can wreak havoc on quality sleep. And even though alcohol might make you feel sleepy, it can disrupt sleep later in the night.

3. Create a restful environment

Create a room that's ideal for sleeping. Often, this means cool, dark and quiet. Exposure to light might make it more challenging to fall asleep. Avoid prolonged use of light-emitting screens just before bedtime. Consider using room-darkening shades, earplugs, a fan or other devices to create an environment that suits your needs.

Doing calming activities before bedtime, such as taking a bath or using relaxation techniques, might promote better sleep.

4. Limit daytime naps

Long daytime naps can interfere with nighttime sleep. If you choose to nap, limit yourself to up to 30 minutes and avoid doing so late in the day.

If you work nights, however, you might need to nap late in the day before work to help make up your sleep debt.

5. Include physical activity in your daily routine

Regular physical activity can promote better sleep. Avoid being active too close to bedtime, however.

Spending time outside every day might be helpful, too.

6. Manage worries

Try to resolve your worries or concerns before bedtime. Jot down what's on your mind and then set it aside for tomorrow.

Stress management might help. Start with the basics, such as getting organized, setting priorities and delegating tasks. Meditation also can ease anxiety.

7. Know when to contact your doctor

Nearly everyone has an occasional sleepless night — but if you often have trouble sleeping, contact your doctor. Identifying and treating any underlying causes can help you get the better sleep you deserve.
